SHENZHEN NICE SMART LOCK CO.LTD.

4th Floor, Building C, Xixiang Haoye Industrial Park, 162 Fengtang Blvd, Bao'an, Shenzhen, Guangdong, China

BUILD YOUR IMAGINATION

UNLOCK THE FUTURE

EMPOWERING SECURITY WITH SMART INNOVATION

At Shenzhen Nice Smart Lock Co.Ltd. we've been committed to intelligent access solutions since 2016. As a trusted manufacturer and technology-driven enterprise, we specialize in the design, development, and production of smart door locks, biometric systems, and high-quality hardware locks.

With our in-house R&D center, precision manufacturing lines, and full-featured testing lab, we bring together innovation, reliability, and craftsmanship. Our team holds multiple invention and utility model patents, and we operate under strict quality standards to ensure every product meets the demands of global markets.

Today, our smart lock solutions are trusted in over 50 countries. We provide flexible OEM/ODM services, efficient production, and responsive technical support helping our partners succeed with confidence.

We welcome all partners, new and old, from home and abroad to visit, connect, and grow with us. Together, let's build a smarter and more secure future.
